Larose, "Barney" Maurice

It is with great sadness that we announce the passing of "Barney" Maurice Larose on August 24, 2020 at the age of 76.

Beloved and cherished husband of Louise Larose. They were soul mates from the day they met.

Loving father of Michel (Brigitte) and Stephan (Evelyn).

Loving Grand-father of Derek, Nicholas and Zoe Larose.

Cherished by his step-children, Alain Rochon (Louise), Johanne (Paul) and Tyrone (Theresa)

Predeceased by his father (Roger Larose), mother (Donalda Duguay) and three brothers, Marcel, Roland and Andre.

Who is Maurice Larose? Many may not recognize that name but the name "Barney" brings instant recognition and a smile. He was always *Barney*, apparently named after a character in a movie.

His grandfather Charles Duguay, an original settler in Hearst, arrived in about 1912. The family lived in Hazel before moving to a homestead on Concession 5 in Kendall Township, about 4 miles south of Hearst. Some of their neighbours were other Hearst pioneers like Stephen Bubnick, Ernest Martin, Joseph Giroux and E. Joanis. The nearest school was at Bradlo. The Martin, Bubnick and Duguay children attended the Bradlo school with the Slovak Children. My older sisters Olga and Anne were good friends of Muriel Duguay.

Barney's father, Roger Larose, married Donald Duguay and they also settled on Concession 4/5 to raise their family. Over the years Roger and my dad, John Bies, became very good friends and Roger often visited our farm in Bradlo. Roger worked for the Department of Highways and convinced my father to join him in the mid-1950s. I remember how excited my father was to finally have a salaried, pensionable job. He worked with Roger until he retired.

Barney's cousin Claude Larose lived across the street from Steve Siska in Hearst. Barney, Steve and Claude were best friends and shared many adventures, as in the partridge hunt pictured on the right. Steve is taking aim and Claude and Barney are congratulating each other on a successful hunt.

In 1960, Claude Larose had not made his name yet in the NHL, when Barney met another hockey legend. Barney wrote about this meeting in a submission to Kraft Hockeyville 2009 when the town of Hearst was campaigning to win the prize. *"The Rocket Comes to Dinner*

Hello; my name is Barney Maurice Larose, I was born and raised in Hearst, I have a story to tell you about Hearst being "Hockeyville", I agree, Hearst is the best hockey town in Canada. Let me tell you a story about the ROCKET RICHARD. When the Rocket was invited to officially open the new Hearst Arena in 1960, he was asked to tour all the schools in the area. My Dad, Roger Larose, was the school board president of the Louisbourg school board and of course he accompanied the Rocket all afternoon. Come supper time no one had booked the Rocket for the evening, so my Dad invited him to join us for dinner at our home which he accepted. When I arrived home after school, I walked into my house to find the Rocket and my Dad enjoying a rye and water in the living room. Being a Habs fan I nearly fell to my knees after meeting the Rocket in my living room. My Mother made a French-Canadian stew for supper of which Mr. Richard had 3 plates as well as I.

This was quite the

meeting with the Rocket for a sixteen-year-old boy which I will never forget for the rest of my life. We had only seen NHL players on TV and in photos before and heard their names on Hockey Night in Canada. My cousin Claude Larose had just been signed by the Peterborough Petes Junior A club and had not started his NHL career that lasted 17 years.

I met the Rocket again at a party in Gatineau in the 70s and I asked him about his visit to Hearst in the 60's and he remembered the meal Mom cooked for him during his visit to Hearst. What a great man. As far as I am concerned this was the best experience of my life.

I have included a picture of my father Roger Larose with the Rocket from that day in 1960.

Regards, Barney..."

I did not meet Barney until we went to the Hearst High School in 1959 and always remember him as a happy go lucky guy with a distinctive laugh. He was a star with the high school basketball team, the Green Devils, playing alongside my brother Bill. The 1959-60 team is shown on the right. (Minu, Bill and Ray inset)

The 1960-61 team, courtesy of the Eco Museum Facebook page, is shown below.

[André Payeur](#) Barney and I were friends, school-mates and teammates in Hearst. We renewed our friendship some forty years later at the Hearst luncheons in Ottawa. Barney was congenial, kind and just very pleasant to be with. He will be missed by all who knew him. My sincere condolences to his family.

Barney and Steve left school early to work for the Department of Lands and Forests. I had the pleasure of working with Barney in the summer of 1963 as a student. We were sent out to assist fire boss Bernie Labonté at a forest fire in the Kabina River area where the only access was by helicopter. The chopper landed in a beaver bog and, being the first one out, I eagerly jumped off the pontoon and sank up to my chest. Barney, who was the camp clerk and cook, and the more experienced fire fighters, found high ground and stayed dry. We slept in tents and had our food air-dropped to us. Barney, cooking on a camp stove, had many ways to prepare baloney and beans. There was no rest until the fire was out and then a small crew of smoke spotters was left in camp. Fellow Student Penu Chalykoff and I

were tasked with patrolling the fire area looking for any signs of smoldering roots which we put out with shovels and water back-packs. Barney stayed in camp manning the radio and tended to sleep in. One day, Penu and I put all the blankets in camp on him and left him. He said he woke up in a real sweat. This prank was probably not too smart when you consider he cooked our meals.

Later Barney became a town policeman and there are unsubstantiated rumours that he and his OPP colleagues would dispose of confiscated beer their own way. There was only one way to confirm it was real.

Still later he owned the Queens Hotel before it got the better of him and then he headed south to greener pastures.

Barney found employment with the Minto Construction Company in Ottawa building residential units. He quickly rose to the position of foreman and then job superintendent and was sent to supervise jobs in Florida and Edmonton. He returned to Ottawa and was in demand by

other construction companies working up to the age of 75. He would often point out high rises and apartment buildings he had built in Ottawa including several car dealerships.

We reconnected in Ottawa about 20 years ago as we found ourselves living in Barrhaven, a couple of miles apart, about the same distance as it was from my home in Bradlo to his on Concession 5. Barney made his own sausage and we traded for Arctic Char that I imported from Pangnirtung, Nunavut. I looked forward to his calls fo' coffee.

A group of Hearstites started meeting for breakfast, coffee and attending Ottawa Senator games, especially when the Flyers were in town. In 2008 we had front row seats to see home-town boy, Claude Giroux, lead his Gatineau Olympique to hockey glory winning the Presidents Trophy as the Quebec Junior Hockey League champions.

Barney, Ray and Serge Morissette, Terry West, Ray Alary, Remi Lacasse, Mariette Carrier-Fraser, Jane Ard Boucher, Reynald Morin, the late Denis and Julianne Plouffe and I, were just some of the

local Hearstites who gathered for coffee at different times and could easily spend 4 or 5 hours catching up. These evolved into the Hearst Café lunches.

Terrence West A sad loss. Barney always lit up the room. How we'll miss his sense of humour and big smile.

As I prepared this tribute to my friend Barney, I realize that just 5 years ago I was doing the same for his best friend, my Slovak brother, Steve Siska. It just reinforces the fact that we must appreciate our friends every day.

I will miss his hearty greeting of "Ernest L'abeille." every time he saw me.
